

Consolato Generale d'Italia
San Francisco

Call for architectural/engineering services

The **Consulate General of Italy in San Francisco** is pleased to request a fee proposal for architectural/engineering services regarding the oversee of some damages-reparation works needed at its premises - 2590 Webster st., San Francisco.

Scope of work

The services required are for overseeing the urgent works that will be carried out by the selected construction company in order to repair some damaged portions of the Consulate General's premises. A final statement by the Architect/Engineer certifying that the requested works have been properly and diligently carried out will be also required.

Site construction oversee

- Oversee the reparation/construction process and assist the Consulate General's staff in coordinating the works by the selected construction Company.

Release of a final statement

- Release a final statement that certifies that the works have been carried out according to the standards and requirements set by applicable Laws and Regulations and by the Call for works issued by the Consulate General.

Deadlines

Deadline for submitting the fee proposals – July 8th, 2022.
